

The House That Jack Built

PART II

PRETTY soon the boarding house life begins to pall on Jack and Jill. Cupid's wings take to drooping and even moult a feather or two under a steady diet of hash and prunes varied by prunes and hash. Besides, the little sprite is fond of **PRIVACY** and boarding house **PUBLICITY** would make him shrink in his shoes—if he wore shoes.

The **HOME** idea looms up once more before Jack and Jill. But Jack is a good **FELLOW** and Jill is a better, so there isn't any bank account—just as many **GOOD TIMES** as can be picked from the **PAY ENVELOPE**, followed by an aching **VOID** which they strive to fill with visions of the **FUTURE HOME**.

There is no life like **HOME LIFE**, where the family is not annoyed by rude table manners, boisterous, loud talk and disagreeable associations, then again, **ITS MUCH CHEAPER** to live at home. We will show you how you can own your own home for less per month than rent.

VALLEY FARM FOR THE INDIGENT IS ASKED

Also a Fresh Air Camp at Cloudercroft—Woman's Association Reports.

(By H. Grace Franklin, Director.)
The rapid growth of the El Paso county dispensary brings very forcibly to mind the one great problem today confronting every community, and that is child hygiene and the welfare of school children. Can children come from the homes of the south side and physically fit to take up their studies in a school room? Are we getting the best returns for the amount of money spent in educating these children? Now the question which faces us is: What can the Woman's Charity association do to bring about medical inspection in our schools and thereby increase the child's capacity to learn.

What are we going to do about a county hospital? During the first of the year we heard and read very much

about a new county hospital and then we found that bonds could not be issued to build a hospital, but could be issued to build additions to our jail. Very well, why not build a county hospital, as an addition to the jail, on the southwest corner of the plot owned by the jail? A three or four story building, with basement, could be run up here and the cost would be less than building elsewhere. The county owns the ground, why not use it.

Valley Farm Proposed.
Before land values go up in the valley, why not buy a poor farm, and here remove the indigent consumptive and the pauper from the south side? These paupers could raise vegetables for their own use and for the use of the hospital.

Let us have a county hospital in keeping with all other county institutions. Let us have a hospital run and conducted as a good hospital should be, one controlled by a medical board subject to the commissioners. This county should support a hospital which is something more than a county poor farm.

On July 12, the sewing class for mothers was organized. Miss A. M. Bearhope is in charge. The women meet once a week and whatever garments they make are given them to take home when finished.

Club Is Organized.
On July 18, the Propylactic club was organized and the first fresh air work of the Woman's Charity association started. The club is made up of boys and girls between the ages of 8 and 12.

Motto: A clean mind, a clean body and a clean El Paso.
Object: Improving living conditions on the south side.

Enrollment: Up to 50.
Colors: Green and white.
A prize is offered to the child with the cleanest head, the cleanest body, the cleanest home and to the one making the greatest effort to improve his or her condition. A prize is also offered to the child pointing out the most unsanitary place.

sanitary place. To accomplish all of this they will need first to be taught sanitation. The class meets once a week, and after a lesson in sanitation the children are taken for a long trolley ride. They are also taught the care of the teeth and the tooth brushes and powder are furnished by Kelly & Polard.

Fresh Air Camp at Cloudercroft.

As this is the beginning of the fresh air work, there is not some one sufficiently interested to establish a fresh air home at Cloudercroft next summer, where these little children can be sent and restored to health. We have three typists and any number of cases where the health giving air of Cloudercroft would have made these children strong and well and able to fight the many handicaps of the south side.

On July 27, Judge Elyar appointed me supervisor of the county dispensary and this will bring me in close touch with all of the patients and will therefore increase the efficiency of my work.

Women can do so much and I make these suggestions to you. Will you act?

Report for July.

The report of the third month's work of the Woman's Charity association for mothers, cooperating with the city health department and the El Paso county charities, from July 1, to August 1, is as follows:

Number of cases in charge, 158; number of new cases, 92; number of old cases, 66; number of visits made to homes, 232; number of first visits, 90; number of revisits, 90; number of reference and sanitary visits, 51; number of purchase visits, 58; also visits to the Woman's charity association, El Paso county charities, city health department, county judge, El Paso county dispensary (baby clinic, milk and ice depot).

Number of cases referred to El Paso county dispensary, 23; diseases of eye, ear, nose and throat, 3; diseases of children, 10; diseases of skin, 4; diseases of stomach, 0; diseases of the lungs, 0; general medicine and minor surgery, 10; gynecology, 6.

Number of cases placed in hospitals, 2; Hotel Dieu, 1; county hospital, 1. Number of cases visited by assistant county physician, 10.

Number of cases reported to department of health, 23; measles, 4; pertussis, 7; tuberculosis, 2; typhoid, 0; chicken pox, 2; unsanitary condition, 8.

South Side Condition Bad.

It seems useless to report unsanitary conditions, as one complaint covering the entire south side is the only complaint to be made. As things now stand the health department can do little more than to investigate and that has been thoroughly done by that department. Dr. Anderson's recommendations should be acted upon to insure a healthy south side and reduce the death rate.

Number of cases referred for relief, 6; Woman's Charity association, 1; El Paso county charities, 5.

Amount of relief dispensed: Number of cases supplied with milk, 38; number

of quarts of milk supplied, 640; number of pounds of rice supplied, 2600.

Children's Diseases Treated.

The report of the work done in the department of children's diseases, El Paso county dispensary, by Dr. W. G. Kluttz's class on Tuesdays, Thursdays and Saturdays, follows:

Number of cases seen, 380; number of dispensary days, 18; smallest attendance (July 9), 19; largest attendance (July 20), 51; average attendance 291.3.

Number of prescriptions dispensed, 421; dispensed from dispensary stock, 421; dispensed from drug store, 0. 1 have bottled and labeled all medicines dispensed.

Number of first visits to dispensary, 92; number of revisits to dispensary, 28; number of new cases, 92; number of old cases, 66.

Number of diseases referenced, 38; asitis, 2; adenoids, 4; ascites, 1; anemia, 5; bronchitis, 6; broncho pneumonia, 6; chickenpox, 2; chorea, 2; congenital lues, 5; conjunctivitis, 4; coryza, 2; diphtheria, 1; eczema, 5; epilepsy, 1; furuncle, on chin, 1; gastro enteritis, 3; gingivitis, 1; indigestion, 2; inconvenience of urine, 2; nitral diseases, 1; measles, 4; malnutrition, 4; mumps, 1; nasal catarrh, 1; odontalgia, 2; otorrhea, 2; pediculosis, 1; pertussis, 7; prolapsed rectum, 2; tuberculosis, 4; tonsillitis, 2; typhoid, 2; stomatitis, 3; urticaria, 2; umbilical hernia, 6; vaginitis, 1; impetigo, 1.

Number of cases referred from this class to other classes at the dispensary, 16; to skin, 4; to eye, ear, nose and throat, 12.

RAILROADER ADMITS MEXICAN EXPERIENCE

Judge Lea Lenient With All Prisoners—Police Court Grist.

A. G. Higginson, who claims to be a switchman by occupation, disclosed the fact in police court Wednesday that he had recently had an experience with the Mexican police courts. Judge Lea assessed the minimum fine—\$1.

"Gold?" was asked.
"No you have been in trouble over in Mexico," asked the court.

"Yes, sir," the offender answered. "They stuck me for 30 days, and a sentence in one of those jails is something that a man will remember as long as he lives."

Antonio Romero, 17 years old, who looked as though he had never been in court before, and who said he was ashamed of having been arrested on a charge of drunkenness, was freed by the court and told to go home to his mother.

Harry Warner, a young ranchman with a maimed finger, was quite willing to give the court a written guarantee that he would not touch liquor again during his present stay in the city. The charge was drunkenness. Warner claimed that he was in El Paso to have his finger treated.

"What have you been stealing?" was the remark with which the court greeted a 12-year-old Mexican boy, arrested on a charge of theft. Before the child could reply, the case was dismissed and the youngster warned to keep out of trouble.

How to Make the Fat Comfortable in Summer

If you are fat and have difficulty in breathing or walking or eating and if you find that the heat is exhausting to you during the heat term you will be interested in knowing that the famous Marmola prescription is now being prepared in tablet form and that one of these little tablets taken after each meal and at bedtime will reduce your fat at the rate of from 12 to 15 ounces per day. These tablets stop fat from being made and they assist the body to throw away the fat already made in a natural manner. They are harmless and you will find that their use will build up the system to a higher degree of perfection than ever before. They have perhaps the greatest army of responsible men and women who have written of their effectiveness than any other prescription ever written. You need not diet or exercise and you may eat when and what you will. The food you now eat turns into fat. The food you eat will make no fat if you take a Marmola tablet after the meal and more than that, you will so strengthen your digestive organs that you will need no assistance in a short time even from Marmola Tablets. Every drug store sells them or you may write to Marmola company, 137 Warner Bldg., Detroit, Mich. A case of Marmola Tablets costs only 75 cents everywhere.

ROBINSON TALKS OF FIRE MARSHALSHIP

Had Nothing to Do With Refusal to Appoint Kelly, He Says.

Following on the heels of the appointment of Henry F. Reynaud as fire marshal comes an explanation from mayor W. F. Robinson that he had nothing to do with the refusal to name Dan Kelly for the position after he had been proposed by the fire commission, and which action by the council resulted in the resignation of four of the five members of the commission, Judge Peyton F. Edwards the fifth member, being absent from the city at the time.

Mayor Robinson, when asked his reason for refusing to make the appointment, said: "I did not refuse to confirm the appointment; the council did that. The name was proposed by the commission and the council declined to appoint him."

Asked why he had appointed Reynaud prior to selecting a new fire commission, the mayor said: "We need a fire marshal badly now, as badly as we will ever need him, and, therefore, I made the appointment. I did this before selecting the new commission because I want to have some one to think over the names of those whom I shall appoint to the commission; it is an important body and I cannot go out and pick up men every day. I must think the matter over, and while it is my intention to appoint a new commission, I cannot say just when it will be done."

Nothing Against Kelly.
Alderman Walter S. Clayton, referring to the refusal of the council to appoint Kelly, said: "We had nothing against Mr. Kelly's politics. In fact, I myself did not know what his politics were until after I had read something of it in the newspapers. It was the general understanding of the aldermen that Mr. Kelly was an elderly man and, therefore, would not be able to hold the place."

"It is required of a fire marshal that he be on duty at all times and that he attend all fires, not the day after the fire, but while it is in progress, and go right along with the chief. In addition to this we wanted a man that knew something of the fire insurance business."

"Mr. Reynaud has been in the insurance business all his life and knows considerable about fire. While I suggested his name at the last meeting of the city council, he had been suggested by several insurance men, he had a list, but I do not remember the names now, when the matter was first brought to the attention of the council and prior to the time it was presented to the commission for its consideration."

Commissioners Surprise Councilmen.
"We never had any idea that the fire commission would resign. We supposed that if the council would not approve of the selection made by the commission that body would then refer the matter back to the council with the request that it choose a man for the place."

"The people would eventually hold the council responsible for the appointment and we did not feel that Mr. Kelly was the man for the place."

EL PASOANS ENJOY LONG BEACH BREEZES

Large Colony Is Spending the Summer on the Sands. New Arrivals.

Long Beach, Cal., Aug. 4.—The El Paso colony continues to grow, the last week bringing in a number. A few heads of families find themselves compelled to go home, but though "the men may come and men may go," the majority of the El Pasoans congratulate themselves on keeping cool.

Miss Myra Prater is at the Balboa. The concerts on the beach still hold their own in popularity. Many music lovers congregate there in the afternoons and evenings. For those who prefer the study of human nature, there is constant stream of all types of humanity up and down "The Pike."

Among the newcomers from El Paso lately are Miss Gretta Palmer, Ed Freeman and Mrs. Freeman.

Miss Stapleton has returned to El Paso.

Mrs. Chas. T. Race has returned to Long Beach from a visit to Hollywood and Los Angeles.

Dr. and Mrs. W. L. Brown are at "The Delmar."

Miss Ida Lockhart spent some time at what native Long Beachers call The Beach.

Miss Pearl Berkey spent a day or two with friends here on her way to her new home in Portland, Ore.

Misses Helen Claggett and Thella Alexander, who are members of the Frank Race house party, have gone to San Francisco for a short visit.

Oscar Snow, of Las Cruces, N. M. is visiting his family here. They will go to San Francisco.

Mrs. Kenneth MacIver and Miss Ivander MacIver have returned to their home.

Miss Carrie Race will be one of the contestants in a bowling match in Los Angeles Friday.

Miss Tura Compton is visiting her friends, Mr. and Mrs. Corbin, in Los Angeles. They all spent a day at Long Beach at the weekend.

Miss Belle Macfarlane has returned to El Paso.

Mrs. C. C. Hodges, of Hollywood, an old time El Pasoan, spent a day or two with Mrs. Empress Arrington.

While recovering from her recent illness, Mrs. Empress Arrington was unfortunate enough to sprain her ankle, but is now able to be out upon the sands.

Henry Beach has come out to join his wife, who is recovering from an attack of the whooping cough.

Mr. and Mrs. J. J. Ayres are making a round of the beaches.

U. S. Stewart spent Tuesday visiting Mrs. Winchester Cooley and his children, who are with Mrs. Cooley.

E. C. Earle and H. R. Simpson are enjoying the fishing.

Mr. and Mrs. Jas. Hibbard are enjoying the sea breezes.

Mrs. Jas. Primm was down from Los Angeles for a short visit.

Mr. Haggart is visiting his daughter, Mrs. J. M. Dean and Mrs. Henry Beach.

MEXICAN JUMPS FROM CAR, BARELY ESCAPING WHEELS.

A near serious street car accident occurred in Juarez when Camilo Villas, an elderly Mexican, fell off a Mexico car on Comercio street. He was injured. It happened that commandant of police Ponce de Leon was himself a witness to the accident. Seeing the man alight from the car while in motion, and within a short distance from the regular stop, the police chief did not detain the car, fearing, perhaps, the accident the fault of the passenger.

Villas saved himself from the wheels (he stepped from the front entrance) by rolling away from the moving car, and dragging his leg from the track just before the last wheels passed.

MEXICAN REVOLUTIONIST IS EXECUTED AT SALTILLO

Saltillo, Mexico, Aug. 4.—Jose Lugo, investigator of the insurance in Velasco, Coahuila, over a year ago, was shot to death at dawn in the corral of the Saltillo penitentiary. A large crowd gathered to witness the execution but none was admitted within the corral.

Lugo was sentenced to death several months ago. Since then efforts have been made to save his life. Lugo's followers are now serving various terms at San Juan de Serio.

CIGARET CAUSES FIRE.

A fire at Fourth and Stanton is supposed to have been caused by a cigarette. The fire was extinguished without assistance from the department.

INSPECTOR FIRE HOUSE.

Chief Armstrong of the fire department made a trip of inspection to the new Highland Park station Wednesday.

The Important Problem

confronting anyone in need of a laxative is not a question of a single action only, but of permanently beneficial effects, which will follow proper efforts to live in a healthful way, with the assistance of Syrup of Figs and Elixir of Senna, whenever it is required, as it cleanses the system gently yet promptly, without irritation and will therefore always have the preference of all who wish the best of family laxatives.

The combination has the approval of physicians because it is known to be truly beneficial, and because it has given satisfaction to the millions of well-informed families who have used it for many years past.

To get its beneficial effects, always buy the genuine manufactured by the California Fig Syrup Co. only.

WIRELESS TELEPHONE TESTED IN EL PASO

A test of the Collins wireless telephone apparatus has been made in front of the Trust building. Owing to the paying or heat from the sidewalks and street it was impossible to get a ground for the wireless instruments, and the test was postponed until the wireless tower arrives. This has been shipped and is expected to reach here this week. The tower will be set up on the roof of the Trust building and will be connected with the electrical apparatus which has already arrived. As soon as this is done practical demonstrations of the wireless telephone will be given by the Collins company.

WRECKED BRIDGE WILL BE REPAIRED IN TWO DAYS

Within two days, possibly Friday, repairs on the wrecked Santa Fe street bridge will be completed by the army of carpenters at work since the accident.

But it is doubtful if street car traffic will be immediately continued. Officials of the Mexican federal court in charge of the investigation say that Mexican experts must first pronounce the structure safe for car passage. The special commission appointed by judge Miranda to report on the cause of the accident, is still silent.

Those injured in the wreck are improving rapidly. From present indications none will be crippled as a result of the tumble.

HOUSTON BUSINESS MAN IMPRESSED WITH EL PASO

Adolph Boldt, secretary of the Houston Business league, was in El Paso Wednesday en route to Los Angeles. He will later tour California and visit other cities in the west. Mr. Boldt is studying the advertising and publicity work for cities. He was much impressed with El Paso, especially with the number of miles of paved streets and with the other modern improvements in vogue here.

THE BOUNDARY COMMISSION IS IN SESSION HERE.

Members of the international boundary commission, at work on the elimination of banks of the lower Rio Grande, are in session. The conference is between Gen. Anson Mills and F. B. Puga, representing the two governments, and engineers W. W. Follett and E. J. Javay.

FILES \$10,000 DAMAGE SUIT AGAINST STREET CAR COMPANY.

W. A. Miller has filed suit for \$10,000 alleged damages against the El Paso Electric Railway company in the 34th district court. He alleges that his wife was permanently injured in alighting from a Boulevard car on March 17, 1910.

TRANSFERRED TO JAIL.

Leis Malo, charged with theft under \$50, has been transferred from the police court to the county jail.

A Satisfying Food

Appetite is Nature's signal for fuel and repairs. Healthy appetite calls for the simple food elements that supply the natural requirements.

Healthy appetite is satisfied when the proper kind and amount of food is taken into the body at stated intervals. But the wiles of the modern chef and caterer have created in most of us a false and often unnatural appetite which leads into all the different degrees of indigestion, dyspepsia, etc.—food insanity.

Grape-Nuts

is a satisfying food—it is composed of the natural elements to satisfy the natural appetite and restore order in the digestive machinery which may have been thrown out of gear by improper though often "fashionable" foods.

The crisp, firm, "nutty" granules of Grape-Nuts make honest mastication necessary. Its wholesome flavour makes it appetizing, and the albumens, carbohydrates and Potassium Phosphate from the whole wheat and barley, makes it a satisfying food—both to the sense of taste and to the body needs.

Ten days' trial will convince any one that
